Between Sundays Marla F. Frederick 2003-11-20 An ethnographic study of the role of religion in the life of a southern rural community.

Jalimusa: An Epic Tale of Black Motherhood Amira Davis, PhD 2019-12-11 Author Amira Davis highlights connections between her vocation as a Jalimusa, or cultural storyteller; mothering narratives of other women; and the awesome undertaking of rearing healthy and well-adjusted, culturally conscious children. Davis is a mother, grandmother, great-grandmother, community "othermother" and maternal activist. She is also an educator and advocate for community literacy development, and is committed to the cultural, social, intellectual, and economic uplift of Africana people.

The Selma of the North Patrick D. Jones 2009-01-01 Between 1958 and 1970, a distinctive movement for racial justice emerged from unique circumstances in Milwaukee. A series of local leaders inspired growing numbers of people to participate in campaigns against employment and housing discrimination, segregated public schools, the membership of public officials in discriminatory organizations, welfare cuts, and police

brutality. The Milwaukee movement culminated in the dramatic and sometimes violent 1967 open housing campaign. A white Catholic priest, James Groppi, led the NAACP Youth Council and Commandos in a militant struggle that lasted for 200 consecutive nights and provoked the ire of thousands of white residents. After working-class mobs attacked demonstrators, some called Milwaukee the Selma of the North. Others believed the housing campaign represented the last stand for a nonviolent, interracial, church-based movement. Patrick Jones tells a powerful and dramatic story that is important for its insights into civil rights history: the debate over nonviolence and armed self-defense, the meaning of Black Power, the relationship between local and national movements, and the dynamic between southern and northern activism. Jones offers a valuable contribution to movement history in the urban North that also adds a vital piece to the national story.

Pleasure Activism adrienne maree brown 2019-03-19 How do we make social justice the most pleasurable human experience? How can we awaken within ourselves desires that make it impossible to settle for anything less than a fulfilling life? Editor adrienne maree brown finds the

answer in something she calls "Pleasure Activism," a politics of healing and happiness that explodes the dour myth that changing the world is just another form of work. Drawing on the black feminist tradition, including Audre Lourde's invitation to use the erotic as power and Toni Cade Bambara's exhortation that we make the revolution irresistible, the contributors to this volume take up the challenge to rethink the ground rules of activism. Writers including Cara Page of the Astraea Lesbian Foundation For Justice, Sonya Renee Taylor, founder of This Body Is Not an Apology, and author Alexis Pauline Gumbs cover a wide array of subjects—from sex work to climate change, from race and gender to sex and drugs—they create new narratives about how politics can feel good and how what feels good always has a complex politics of its own. Building on the success of her popular Emergent Strategy, brown launches a new series of the same name with this volume, bringing readers books that explore experimental, expansive, and innovative ways to meet the challenges that face our world today. Books that find the opportunity in every crisis!

Health Issues in the Black Community Ronald L. Braithwaite
2009-10-22 Health Issues in the Black Community THIRD EDITION "The outstanding editors and authors of Health Issues in the Black Community have placed in clear perspective the challenges and opportunities we face in working to achieve the goal of health equity in America." —David Satcher, MD, PhD, 16th Surgeon General of the United States and director, Satcher Health Leadership Institute at Morehouse School of Medicine "Eliminating health disparities must be a central goal of any forward thinking national health policy. Health Issues in the Black Community makes a valuable contribution to a much-needed dialogue by focusing on the challenges of the black community." —Marc Morial, Esq., president, National Urban League "Health Issues in the Black Community illuminates comprehensively the range of health conditions specifically affecting African Americans, and the health disparities both within the black community and between racial and ethnic groups. Each chapter, whether addressing the health of African Americans by age, gender, type of disease, condition or behavior, is well-detailed and tells

an important story. Together, they offer practitioners, consumers, scholars, and policymakers a crucial roadmap to address and change the social determinants of health, reduce disparities, and create more equal treatment for all Americans." —Risa Lavizzo-Mourey, MD, MBA, president, Robert Wood Johnson Foundation "I recommend Health Issues in the Black Community as a must-read for anyone concerned about the future of the African American community. Health disparities continues to be one of the major issues confronting the black community. This book will help to highlight the issues and keep attention focused on the work to be done." —Elsie Scott, PhD, president of the Congressional Black Caucus Foundation "This book is the definitive examination of health issues in black America—issues sadly overlooked and downplayed in our culture and society. I congratulate Drs. Braithwaite, Taylor, and Treadwell for their monumental book." —Cornel West, PhD, professor, Princeton University

[African American Almanac](#) Lean'tin Bracks 2012-01-01 The most complete and affordable single-volume reference of African American culture available today, this almanac is a unique and valuable resource devoted to illustrating and demystifying the moving, difficult, and often lost history of black life in America. Celebrating centuries of achievements, the African American Almanac: 400 Years of Triumph, Courage, and Excellence provides insights on the influence, inspiration, and impact of African Americans on U.S. society and culture. A legacy of pride, struggle, and triumph is presented through a fascinating mix of biographies—including 750 influential figures—little-known or misunderstood historical facts, enlightening essays on significant legislation and movements, and 445 rare photographs and illustrations. Covering politics, education, religion, business, science, medicine, the military, sports, literature, music, dance, theater, art, film, and television, chapters address the important events and social and cultural changes that affected African Americans over the centuries, followed by biographical profiles of hundreds of key figures, including Muhammad Ali, Maya Angelou, Josephine Baker, Amiri Baraka, Daisy Bates, George Washington Carver, Ray Charles, Bessie Coleman, Gary Davis, Frederick

Douglass, W. E. B. Du Bois, Michael Eric Dyson, Duke Ellington, Medgar Evers, Henry Louis Gates Jr., Eric H. Holder Jr., Langston Hughes, Zora Neale Hurston, LeBron James, Mae C. Jemison, Martin Luther King Jr., Queen Latifah, Jacob Lawrence, Kevin Liles, Thurgood Marshall, Walter Mosley, Elijah Muhammad, Barack Obama, Gordon Parks, Rosa Parks, Richard Pryor, Condoleezza Rice, Smokey Robinson, Wilma Rudolph, Betty Shabazz, Tavis Smiley, Clarence Thomas, Sojourner Truth, Harriet Ross Tubman, C. Delores Tucker, Usher, Denmark Vesey, Alice Walker, Booker T. Washington, Kanye West, Reggie White, Serena Williams, Oprah Winfrey, and Malcolm X. Explore a wealth of milestones, inspiration, challenges met, and lasting respect!

Black Woman Redefined Sophia Nelson 2012-11-20 It's time for a REDEFINITION among black women in America. In its 2011 hardcover release, *Black Woman Redefined* was a top-selling book and took home a 2011 Best Non-Fiction Book of the Year Award from the African American Literary Awards. Author Sophia A. Nelson won the 2012 Champions of Diversity Award, given each year by diversity business executives in Fortune 100 companies. *Black Woman Redefined* was inspired in part by what Nelson calls "open season on accomplished black women": from Don Imus's name-calling of black female basketball players in 2007 and a 2009 Yale University study titled "Marriage Eludes High-Achieving Black Women," to the more recent revelation that First Lady Michelle Obama is concerned about being painted as an "angry, black woman." In *Black Woman Redefined*, Nelson sets out to change this cultural perception, taking readers on a no-holds-barred journey into the hearts and minds of accomplished black women to reveal truths, tribulations, and insights like never before. This groundbreaking book provides black women of a new generation with essential career and life-coaching advice. Based on never-before-done research on college-educated, career-driven black women, Nelson offers her fellow "sisters"—and those who know, love, and work with them—a feel-good volume for personal and professional success that empowers them without tearing others down.

Black Pain Terrie M. Williams 2009-01-06 A successful woman

entrepreneur addresses the taboo of depression that pervades African-American culture, drawing on her own experiences of suffering and recovery while counseling readers from all walks of life on how to overcome cycles of denial and psychological pain. Reprint. 50,000 first printing.

The Origins of the World's Mythologies Michael Witzel 2012 Michael Witzel persuasively demonstrates the prehistoric origins of most of the mythologies of Eurasia and the Americas ('Laurasia').

Resistance and Empowerment in Black Women's Hair Styling Elizabeth Johnson 2016-04-08 Elizabeth Johnson's *Resistance and Empowerment in Black Women's Hair Styling* develops the argument that one way Black women define themselves and each other, is by the way they style/groom their hair via endorsement by the media through advertisement, idealized identification of Black female celebrities, and encouragement by professional celebrity hair stylists who serve as change agents. As a result, hair becomes a physical manifestation of their self-identity, revealing a private and personal mindset. Her research answers the following questions: What is the relationship between Black females' choice of hairstyles/grooming and transmitted messages of aesthetics by the dominant culture through culturally specific magazines?; What role do the natural hair blogs/vlogs play as a change agent in encouraging or discouraging consumers grooming their hair in its natural state?; What impact does a globalized consumer market of Black hair care products have on Hispanic/Latinas and Bi-Racial women?; Are Black female Generation Y members more likely to receive backlash for failure to conform their hair to dominant standards in their hair adornment in the workplace? Johnson thus demonstrates that the major concern from messages sent to Black women about their hair is its impact on Black identity. Thus, the goal of Black women should be to break with hegemonic modes of seeing, thinking, and being for full liberation. This critical and deep consciousness will debunk the messages told to Black women that their kinky, frizzy, thick hair is undesirable, bad, unmanageable, and shackling.

The Other Journal: Identity Andrew David 2017-09-01 FEATURING:

Judith Butler Lia Chavez Katherine James D. S. Martin Thomas Nail
PLUS: What Does Where You're From Matter? * Ta-Nehisi Coates and
the Power of Lament * Sing More Like a Girl * Jesus Doesn't Want Me for
a Sunbeam * Occupied Identity * What's So Holy about Matrimony? AND
MORE . . . "We the people . . ." So begins the familiar first line to the
Preamble of the United States Constitution. But even in its initial
context, in a document intended to be a manifesto of hope and freedom,
the matter of who exactly was to be included in this "we" was unclear
and contested. First-person pronouns (i.e., I and we) roll off the
tongue—or onto parchment paper—with ease, but their common use often
belies an underlying complexity. Who am I? Who are we? Who does my
theology say that I am? Identity is at the same time essential to life and
yet also deeply contested, problematic, and enigmatic. The world may be
becoming more one and, yet, it seems also to be becoming more
different, fragmented, agonistic, and isolated. In this issue of *The Other
Journal*, we explore the valences of identity, both individual and
communal, personal and public. We take up the theme of identity in
multiple ways, examining its interconnections with gender and race, the
dissolution and reconstitution of borders, and, yes, even the 2016
presidential campaign. The issue features essays by Derek Brown, Zach
Czaia, Ryan Dueck, Julie M. Hamilton, Peter Herman, Zen Hess,
Kimberly Humphrey, Katherine James, Russell Johnson, Sus Long, Willow
Mindich, Angela Parker, Taylor Ross, and Erick Sierra; interviews by
Stephanie Berbec and Zachary Thomas Settle with Judith Butler and
Thomas Nail, respectively; poetry by T. M. Lawson, D. S. Martin,
Oluwatomisin Oredein, and Erin Steinke; performance art by Lia Chavez;
and photography by Jennifer Jane Simonton, Pilar Timpane, and Mark
Wyatt.

Phenomenology of Perception Maurice Merleau-Ponty 1996 Buddhist

The Conversation Robert Livingston 2021-02-02 A FINANCIAL TIMES
BEST BOOK OF THE YEAR • An essential tool for individuals,
organizations, and communities of all sizes to jump-start dialogue on
racism and bias and to transform well-intentioned statements on

diversity into concrete actions—from a leading Harvard social
psychologist. FINALIST FOR THE FINANCIAL TIMES AND MCKINSEY
BUSINESS BOOK OF THE YEAR AWARD • LONGLISTED FOR THE
PORCHLIGHT BUSINESS BOOK AWARD "Livingston has made the
important and challenging task of addressing systemic racism within an
organization approachable and achievable."—Alex Timm, co-founder and
CEO, Root Insurance Company How can I become part of the solution? In
the wake of the social unrest of 2020 and growing calls for racial justice,
many business leaders and ordinary citizens are asking that very
question. This book provides a compass for all those seeking to begin the
work of anti-racism. In *The Conversation*, Robert Livingston addresses
three simple but profound questions: What is racism? Why should
everyone be more concerned about it? What can we do to eradicate it?
For some, the existence of systemic racism against Black people is hard
to accept because it violates the notion that the world is fair and just. But
the rigid racial hierarchy created by slavery did not collapse after it was
abolished, nor did it end with the civil rights era. Whether it's the
composition of a company's leadership team or the composition of one's
neighborhood, these racial divides and disparities continue to show up in
every facet of society. For Livingston, the difference between a solvable
problem and a solved problem is knowledge, investment, and
determination. And the goal of making organizations more diverse,
equitable, and inclusive is within our capability. Livingston's lifework is
showing people how to turn difficult conversations about race into
productive instances of real change. For decades he has translated
science into practice for numerous organizations, including Airbnb,
Deloitte, Microsoft, Under Armour, L'Oreal, and JPMorgan Chase. In
The Conversation, Livingston distills this knowledge and experience into an
eye-opening immersion in the science of racism and bias. Drawing on
examples from pop culture and his own life experience, Livingston, with
clarity and wit, explores the root causes of racism, the factors that
explain why some people care about it and others do not, and the most
promising paths toward profound and sustainable progress, all while
inviting readers to challenge their assumptions. Social change requires

social exchange. Founded on principles of psychology, sociology, management, and behavioral economics, *The Conversation* is a road map for uprooting entrenched biases and sharing candid, fact-based perspectives on race that will lead to increased awareness, empathy, and action.

Expanded Cinema Gene Youngblood 2020-03-03 Fiftieth anniversary reissue of the founding media studies book that helped establish media art as a cultural category. First published in 1970, Gene Youngblood's influential *Expanded Cinema* was the first serious treatment of video, computers, and holography as cinematic technologies. Long considered the bible for media artists, Youngblood's insider account of 1960s counterculture and the birth of cybernetics remains a mainstay reference in today's hypermediated digital world. This fiftieth anniversary edition includes a new Introduction by the author that offers conceptual tools for understanding the sociocultural and sociopolitical realities of our present world. A unique eyewitness account of burgeoning experimental film and the birth of video art in the late 1960s, this far-ranging study traces the evolution of cinematic language to the end of fiction, drama, and realism. Vast in scope, its prescient formulations include "the paleocybernetic age," "intermedia," the "artist as design scientist," the "artist as ecologist," "synaesthetics and kinesthetics," and "the technosphere: man/machine symbiosis." Outstanding works are analyzed in detail. Methods of production are meticulously described, including interviews with artists and technologists of the period, such as Nam June Paik, Jordan Belson, Andy Warhol, Stan Brakhage, Carolee Schneemann, Stan VanDerBeek, Les Levine, and Frank Gillette. An inspiring Introduction by the celebrated polymath and designer R. Buckminster Fuller—a perfectly cut gem of countercultural thinking in itself—places Youngblood's radical observations in comprehensive perspective. Providing an unparalleled historical documentation, *Expanded Cinema* clarifies a chapter of countercultural history that is still not fully represented in the arthistorical record half a century later. The book will also inspire the current generation of artists working in ever-newer expansions of the cinematic environment and will prove invaluable to all who are

concerned with the technologies that are reshaping the nature of human communication.

What Makes You So Strong? Jeremiah A. Wright (Jr.) 1993 When the fortress of Louisbourg fell to the British in 1758, the Acadians of Prince Edward Island (then known as Île Saint-Jean) were doomed to a horrible fate—deportation from their homes to an unknown land thousands of kilometres away. Shipwrecks and disease took a terrible toll during the voyage to France, and hundreds of the approximately three thousand deportees lost their lives. Earle Lockerby's meticulously researched account sheds new light on this tragic event, from its implementation to the experiences of the Acadians who eluded British troops and escaped to the mainland, to the deportees' arrival in Europe. Featuring excerpts from original documents and letters, *Deportation of the Prince Edward Island Acadians* is an important record of this neglected chapter in the saga of the Acadian people.

Innocent Killers Hugo Lawick (Baron van.) 1971 "A ... journey through the worlds of the hyena, the jackal, and the wild dog"--Jacket.

Mental Health Stigma in the Military Joie D. Acosta 2014 Despite the efforts of both the U.S. Department of Defense and the Veterans Health Administration to enhance mental health services, many service members are not regularly seeking needed care when they have mental health problems. Without appropriate treatment, these mental health problems can have wide-ranging and negative impacts on the quality of life and the social, emotional, and cognitive functioning of affected service members. The services have been actively engaged in developing policies, programs, and campaigns designed to reduce stigma and increase service members' help-seeking behavior. However, there has been no comprehensive assessment of these efforts' effectiveness and the extent to which they align with service members' needs or evidence-based practices. The goal of this research was to assess DoD's approach to stigma reduction, how well it is working and how it might be improved. To address these questions, RAND researchers used five complementary methods: (1) literature review, (2) a microsimulation modeling of costs, (3) interviews with program staff, (4) prospective

policy analysis, and (5) an expert panel. The priorities outlined in this report identify ways in which program and policy development and research and evaluation can improve understanding of how best to efficiently and effectively provide needed treatment to service members with mental illness.

Children of Lucifer Ruben van Luijk 2016 Satanism adopts Satan, the Judeo-Christian representative of evil, as an object of veneration. This work explores the historical origins of this extraordinary 'antireligion.'

Be the One You Need Sophia A. Nelson 2022-06-28 From acclaimed journalist Sophia A. Nelson, the bestselling author of *The Woman Code*, comes a poignant, powerful, and revealing memoir providing life lessons that emphasize the importance of self-care, self-love, and self-understanding that will lead to freedom, healing from the past, and a better future. Sophia A. Nelson is a highly accomplished woman. Yet following a bout with Covid-19, caretaking for a sick parent during the pandemic, running a business, and being a mainstay on national television as a political pundit and legal analyst on CNN, MSNBC, the BBC, and Sirius XM, she realized that she was struggling internally even as she maintained her breakneck schedule. Like so many others, as an adult child of an alcoholic Nelson struggled with self-love and knowing her value despite her successes. As she came to learn, it was when she stopped feeling guilty and neglecting herself emotionally and started understanding the importance of self-care and nurturance that she found the freedom to truly live and thrive. Her message, *Be the One You Need*, reveals lessons illuminating for readers that the answers we seek are always within us. Nelson's call does not mean we do not need other people--quite to the contrary--but that our first love and our priority must be to self. Good emotional health. Good physical health. Good spiritual health. Good relational health. The earlier we can figure this out and take care of these basic needs--love, connection, faith, and success--the better chance we have of a balanced, fulfilled life. In this thought-provoking book--at times sobering yet also uplifting and encouraging--Nelson speaks to readers from all walks of life: young people just starting out; those at mid-life trying to wrestle with what she calls "your second

life"; and readers in their later years who still have time to forgive themselves and seek forgiveness where needed. Her purpose in this book is to encourage men and women alike to practice meaningful self-contemplation, self-care, and self-love. This book is for anyone who is still fighting demons from their childhood. For anyone who has been hurt too many times to count. For anyone who desperately wants a roadmap to break free from toxic family ties. Or simply for those who need to be reminded that until you take care of yourself first, you will have little to nothing of yourself to give to others. As the old saying goes: It's never too late to have a life, and it's never too late to change one.

Womanist Dictionary Thao Chu 2019-08-29 The linguistic aspect of Womanism offers learners values as any other social language. While most French learners get a glimpse into the history of Napoleon and many Chinese speakers are familiar with an Asian lifestyle, English non-native speakers like us need to understand the language in a broader scope. Since English is our shared method of communication, we have to adapt to not just one culture, but also variants in accents or vocabularies from multiple English-speaking countries. Similarly, Womanism serves the same purpose among the black community. By speaking Womanism, they are able to understand and embrace each other's values and virtues, while making their history known to the rest of the world.

Homer & Langley E.L. Doctorow 2010-09-07 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE SAN FRANCISCO CHRONICLE, THE CHICAGO TRIBUNE, THE ST. LOUIS POST-DISPATCH, THE KANSAS CITY STAR, AND BOOKLIST Homer and Langley Collyer are brothers—the one blind and deeply intuitive, the other damaged into madness, or perhaps greatness, by mustard gas in the Great War. They live as recluses in their once grand Fifth Avenue mansion, scavenging the city streets for things they think they can use, hoarding the daily newspapers as research for Langley's proposed dateless newspaper whose reportage will be as prophecy. Yet the epic events of the century play out in the lives of the two brothers—wars, political movements, technological advances—and even though they want nothing more than to shut out the world, history seems to pass through their cluttered

house in the persons of immigrants, prostitutes, society women, government agents, gangsters, jazz musicians . . . and their housebound lives are fraught with odyssean peril as they struggle to survive and create meaning for themselves.

An Angry-Ass Black Woman Karen E. Quinones Miller 2012-10-02 Traces the impoverished early years of Ke-Ke, who awakens from a coma in her midlife to confront events that shaped her resolve to leave Harlem, earn an education, and pursue a writing career.

Coercive Control Evan Stark 2009 Drawing on cases, Stark identifies the problems with our current approach to domestic violence, outlines the components of coercive control, and then uses this alternate framework to analyse the cases of battered women charged with criminal offenses directed at their abusers.

Investing in Cultural Diversity and Intercultural Dialogue Unesco 2009 This report analyses all aspects of cultural diversity, which has emerged as a key concern of the international community in recent decades, and maps out new approaches to monitoring and shaping the changes that are taking place. It highlights, in particular, the interrelated challenges of cultural diversity and intercultural dialogue and the way in which strong homogenizing forces are matched by persistent diversifying trends. The report proposes a series of ten policy-oriented recommendations, to the attention of States, intergovernmental and non-governmental organizations, international and regional bodies, national institutions and the private sector on how to invest in cultural diversity. Emphasizing the importance of cultural diversity in different areas (languages, education, communication and new media development, and creativity and the marketplace) based on data and examples collected from around the world, the report is also intended for the general public. It proposes a coherent vision of cultural diversity and clarifies how, far from being a threat, it can become beneficial to the action of the international community.

Black Woman Redefined Sophia A. Nelson 2011 Looks at the way in which African American women are treated and portrayed in the media and offers an investigation into the lives and accomplishments of

successful black women in the United States.

You Can Win Shiv Khera 2018-11-30 Winners don't do different things, they do things differently A practical, common-sense guide that will lead you from ancient wisdom to modern-day thinking, *You Can Win* will help you to establish new goals, develop a renewed sense of purpose, and generate fresh and exciting ideas about yourself and your future. Shiv Khera guarantees, as the title suggests, a lifetime of success. The book enables you to translate positive thinking into attitude, ambition and action, all of which combine to give you the winning edge. This book will help you to: · Build confidence by mastering the seven steps to positive thinking; · Be successful by turning weaknesses into strengths; · Gain credibility by doing the right things for the right reasons; · Take charge by controlling things instead of letting them control you; · Build trust by developing mutual respect with the people around you; and · Accomplish more by removing the barriers to effectiveness.

The Woman Code Sophia A. Nelson 2021-03-16 A powerful, no-nonsense guide for women that provides them the keys to unlock a fulfilling life. Every woman lives by a code, whether she realizes it or not. It informs how she treats others and herself, how much she expects of herself, and how far she is willing to go in order to find success. But is the code we're living by truly helping us create the lives of purpose and fulfillment we desire? Or are we sacrificing the deeper things for mere achievement? In this inspiring book—updated with new insights from the profound economic and societal shifts that have changed our world with the advent of the global pandemic—Sophia A. Nelson calls women to live out a powerful life code that will lead them to purposeful and successful lives. With the wisdom that comes from experience, Nelson reveals to women: The true meaning of “having it all” How to take better care of their minds, bodies, and souls How to discover new reserves of strength The importance of having courageous conversations to build relationships How to achieve professional excellence without compromising their values How to find lasting love and purpose in life beyond their accomplishments How to navigate the sisterhood of women, to build collaboration rather than competition How to heal from past

hurts, rejection, and life's inevitable storms The Woman Code is a way of living, of navigating life's challenges, and of interacting positively with other women. It's a way of pursuing our dreams and our deepest desires. It reveals a universal and timeless set of principles of the mind, body, and spirit that help women balance the demands of work, home, family, and friendship. The Woman Code not only calls on women to practice purpose in their lives, it shows them how to do it with grace.

Discovering Addiction Nancy D. Campbell 2019-02-28 Discovering Addiction brings the history of human and animal experimentation in addiction science into the present with a wealth of archival research and dozens of oral-history interviews with addiction researchers. Professor Campbell examines the birth of addiction science---the National Academy of Sciences's project to find a pharmacological fix for narcotics addiction in the late 1930s---and then explores the human and primate experimentation involved in the succeeding studies of the "opium problem," revealing how addiction science became "brain science" by the 1990s. Psychoactive drugs have always had multiple personalities---some cause social problems; others solve them---and the study of these drugs involves similar contradictions. Discovering Addiction enriches discussions of bioethics by exploring controversial topics, including the federal prison research that took place in the 1970s---a still unresolved debate that continues to divide the research community---and the effect of new rules regarding informed consent and the calculus of risk and benefit. This fascinating volume is both an informative history and a thought-provoking guide that asks whether it is possible to differentiate between ethical and unethical research by looking closely at how science is made. Nancy D. Campbell is Associate Professor of Science and Technology Studies at Rensselaer Polytechnic Institute and the author of Using Women: Gender, Drug Policy, and Social Justice. "Compelling and original, lively and engaging---Discovering Addiction opens up new ways of thinking about drug policy as well as the historical discourses of addiction." ---Carol Stabile, University of Wisconsin--Milwaukee Also available: Student Bodies: The Influence of Student Health Services in American Society and Medicine, by Heather Munro Prescott Illness and

the Limits of Expression, by Kathlyn Conway White Coat, Clenched Fist: The Political Education of an American Physician, by Fitzhugh Mullan **Imagining Black America** Michael Wayne 2014-02-25 DIVScientific research has now established that race should be understood as a social construct, not a true biological division of humanity. In Imagining Black America, Michael Wayne explores the construction and reconstruction of black America from the arrival of the first Africans in Jamestown in 1619 to Barack Obama's reelection. Races have to be imagined into existence and constantly reimagined as circumstances change, Wayne argues, and as a consequence the boundaries of black America have historically been contested terrain. He discusses the emergence in the nineteenth century---and the erosion, during the past two decades---of the notorious "one-drop rule." He shows how significant periods of social transformation---emancipation, the Great Migration, the rise of the urban ghetto, and the Civil Rights Movement---raised major questions for black Americans about the defining characteristics of their racial community. And he explores how factors such as class, age, and gender have influenced perceptions of what it means to be black. Wayne also considers how slavery and its legacy have defined freedom in the United States. Black Americans, he argues, because of their deep commitment to the promise of freedom and the ideals articulated by the Founding Fathers, became and remain quintessential Americans---the "incarnation of America," in the words of the civil rights leader A. Philip Randolph./div **Midwifing---A Womanist Approach to Pastoral Counseling** Myrna Thurmond-Malone 2019-08-01 Midwifing--A Womanist Approach to Pastoral Counseling: Investigating the Fractured Self, Slavery, Violence, and the Black Woman, is an investigation of intergenerational trauma. Exploring the impact of slavery, violence, racism, sexism, classism, and other isms on the self of the Black woman. This examination of the complexity of pain speaks to the multidimensional reality of some Black women and the necessity for a therapeutic technique that invites the fullness of the Black woman's historical narrative. Dr. Thurmond-Malone's work exposes hidden pain in a safe and sacred space that speaks to the deep-rooted anguish experienced through generations of

Black women and invites her readers to understand the necessity for a rebirthing to occur. This work also empowers women of African descent to become unarmored through the naming, claiming, and reauthoring of their story, and empowers therapists to become midwives adept at empathizing with the intense pain carried by some Black women. Lastly, the book provides clinicians with insight into how to become midwives capable of holding the accounts of Black women while illustrating the author's approach as a method of interdependence, communal, and cultural competency. Taking an analytical look at the counselee's past then births hope for their future as a whole and transformative self.

Reach Ben Jealous 2015-02-03 A timely collection of personal essays by black men from all walks of life shares their inspiring stories and views about better community engagement, offering contributions by such figures as Al Sharpton, John Legend and Isiah Thomas. Original.

Women Change the World Michelle Patterson 2014-06-10 Women Change the World is a collection of world-changing women—from actresses, recording artists, and writers to businesswomen and other high-profile female professionals—on women's unique contributions to society. Women Change the World will be released in conjunction with the California Women's Conference, which offers its attendees inspiration, resources, and connections to take the next steps in their businesses, personal development, or philanthropic endeavors. 2012's conference speakers included Marcia Cross, Donna Karen, Gloria Allred, and many others. Women Change the World aims not only to show how women can be the heart of success, but also to inspire other women to go out and change the world themselves.

He Leadeth Me William Beckford 2013-04 In this gripping and yet captivating account of a compelling true life story, William Beckford entralls his audience with a story that will live with you - forever. He will transport you into his life and travel with him from his innocent childhood, the discovery of his nonexistent relationship with his siblings, through his depression and attempted suicide. The emotional abuse and neglect cycle started when he was a child, and continued through his teenage years. The pages turn on their own as this compelling story

exposes a tale of a black sheep, the mindset of the victim, the actions of the people he thought would love him the most, the betrayal of family and friends, and the walk towards conversion, healing and restoration. Your nights will be short as you stay awake, reading each page as quickly as possible so you may know what happened next. Intense does not begin to describe "He Leadeth Me." William's true story reads like a best-selling thriller - but it's not fiction. His story begins as a childhood nightmare and ends with God's miraculous and victorious deliverance and restoration. At the heart of this book are real issues that we all face: learning to grow through pain, making decisions that will help us move forward, overcoming adversity, and trust in the power of God for healing. Centered on the people that were close to him, he brings his own cast alive with crisp dialogue and action - oftentimes breathtaking with brutal honesty. At an early age, he learned how to cope with adversity and loneliness. He found love, in other people's homes. Never has a story been told of how a child had to fend off forces of evil and powers of the dark world. With no hope of escape from the flood of witchcraft and sorcery, he learned to trust God even at an early age.

Mighty Be Our Powers Perseus 2011-09-13 WINNER OF THE 2011 NOBEL PEACE PRIZE In a time of death and terror, Leymah Gbowee brought Liberia's women together—and together they led a nation to peace. As a young woman, Leymah Gbowee was broken by the Liberian civil war, a brutal conflict that tore apart her life and claimed the lives of countless relatives and friends. Years of fighting destroyed her country—and shattered Gbowee's girlhood hopes and dreams. As a young mother trapped in a nightmare of domestic abuse, she found the courage to turn her bitterness into action, propelled by her realization that it is women who suffer most during conflicts—and that the power of women working together can create an unstoppable force. In 2003, the passionate and charismatic Gbowee helped organize and then led the Liberian Mass Action for Peace, a coalition of Christian and Muslim women who sat in public protest, confronting Liberia's ruthless president and rebel warlords, and even held a sex strike. With an army of women, Gbowee helped lead her nation to peace—in the process emerging as an

international leader who changed history. *Mighty Be Our Powers* is the gripping chronicle of a journey from hopelessness to empowerment that will touch all who dream of a better world.

Policing the Planet Jordan T. Camp 2016-06-07 How policing became the major political issue of our time Combining firsthand accounts from activists with the research of scholars and reflections from artists, *Policing the Planet* traces the global spread of the broken-windows policing strategy, first established in New York City under Police Commissioner William Bratton. It's a doctrine that has vastly broadened police power the world over—to deadly effect. With contributions from #BlackLivesMatter cofounder Patrisse Cullors, Ferguson activist and Law Professor Justin Hansford, Director of New York-based Communities United for Police Reform Joo-Hyun Kang, poet Martín Espada, and journalist Anjali Kamat, as well as articles from leading scholars Ruth Wilson Gilmore, Robin D. G. Kelley, Naomi Murakawa, Vijay Prashad, and more, *Policing the Planet* describes ongoing struggles from New York to Baltimore to Los Angeles, London, San Juan, San Salvador, and beyond.

Haunting Experiences Diane Goldstein 2007-09-15 Ghosts and other supernatural phenomena are widely represented throughout modern culture. They can be found in any number of entertainment, commercial, and other contexts, but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them, based on tradition or direct experience. Personal belief and cultural tradition on the one hand, and popular and commercial representation on the other, nevertheless continually feed each other. They frequently share space in how people think about the supernatural. In *Haunting Experiences*, three well-known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts. Diane E. Goldstein, Sylvia Ann Grider, and Jeannie Banks Thomas take ghosts seriously, as they draw on contemporary scholarship that emphasizes both the basis of belief in experience (rather than mere fantasy) and the usefulness of ghost stories. They look closely at the narrative role of such lore in matters such as socialization and gender.

And they unravel the complex mix of mass media, commodification, and popular culture that today puts old spirits into new contexts.

Colonialism in Global Perspective Kris Manjapra 2020-04-30 Kris Manjapra weaves together the study of colonialism over the past 500 years, across the globe's continents and seas. This captivating work vividly evokes living human histories, introducing the reader to interlocking pasts and ongoing legacies of colonialism through the study of: war, conquest, militarization, extractive economies, migration and diaspora, racialization, biopolitical management, and unruly and creative responses and resistances. He describes some of the most salient political, social, and cultural constellations of our present across the Americas, Africa, Asia, and Europe. By exploring the dissimilar, yet entwined, histories of settler colonialism, racial slavery, and empire across Asia, Manjapra exposes the enduring role of colonial force and freedom struggle in the making of our modern world.

Becoming a Woman of Excellence Cynthia Heald 2014-02-27 How do we become women of excellence? This best-selling topical Bible study has helped over 1 million women discover who God designed them to be. Written by Navigator author and Bible teacher Cynthia Heald, the 11 sessions in this Bible study explore what your identity in Christ is and how you can best serve Him. If using in a group, personal study is needed between meetings.

E Pluribus ONE Sophia A. Nelson 2017-01-17 OUR FOUNDERS understood that America was the greatest experiment on earth. And they sealed it with these words: E pluribus Unum: "Out of Many We Are One." "America is the story of us. And us isn't doing so great right now." Says award winning journalist and author Sophia A. Nelson. Coming on the heels of the raucous and divisive 2016 general election campaign, Nelson attempts to give the nation an inspirational charge and lift by helping us to reclaim our founders' vision for a united and strong America. Nelson reminds us that "we the people" are charged by our founders' to cherish life, liberty, freedom and equality, as well as to safeguard the nation from intrusive governance. The founders' also charged our leaders to be moral, virtuous, patriotic servants of the people. In this groundbreaking

book, Nelson challenges us to live out the call of our founding: We are ONE America. We are ONE People. We are ONE nation indivisible with liberty and justice for all. Pulling from our founding fathers' core principles of liberty, citizenship, morals, virtues, civic engagement, equality, self-governance, and, when required, civil disobedience, Nelson calls us to a higher standard. She calls us to purpose. And she calls us to rediscover the things that unite us, not divide us. One is a book that all Americans, regardless of political party, race, religion, or gender can embrace and share with their children and grandchildren for generations. It is a reminder simply of what makes America great and what makes us the envy of the world. Alexis de Tocqueville said it best: "America is great because America is good. If America ever ceases to be good, it will cease to be great." Nelson takes us on a historical, yet very inspirational journey of not just our founding values, but the men and women who walked them out and brought America to be the great light it is in the world over the past 240 years.

Letters to an Incarcerated Brother Hill Harper 2014-04 "A compelling, important addition to Hill Harper's bestselling series, inspired by the numerous young inmates who write to him seeking

guidance After the publication of the bestselling Letters to a Young Brother, accomplished actor and speaker Hill Harper began to receive an increasing number of moving letters from inmates who yearned for a connection with a successful role model. With disturbing statistics on African-American incarceration on his mind (one in six black men were incarcerated as of 2001, and one in three can now expect to go to prison some time in their lifetimes), Harper set out to address the specific needs of inmates. A powerful message from the heart, Letters to an Incarcerated Brother provides advice and inspiration in the face of despair along with encouraging words for restoring a sense of self-worth. As the founder of Manifest Your Destiny, a nonprofit outreach program for at-risk teens, Harper has seen firsthand the transformative effect of mentorship and the power of a positive role model. This latest addition to Hill Harper's Letters series delivers visionary, compassionate responses to the real-life circumstances of inmates. As with the other Letters books, Harper includes moving contributions from top educators, activists, thought leaders, and entertainers. Uplifting and insightful, Letters to an Incarcerated Brother provides the hope and inspiration inmates and their families need"--
